

**TITLE 450: DEPARTMENT OF MENTAL HEALTH AND SUBSTANCE ABUSE
SERVICES
CHAPTER 70: STANDARDS AND CRITERIA FOR OPIOID TREATMENT
PROGRAMS**

SUBCHAPTER 1. GENERAL PROVISIONS

450:70-1-2. Definitions

The following words or terms, when used in this chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Accreditation" means the process of review and acceptance by a nationally recognized accreditation body.

"Accreditation body" means a body that has been approved by SAMHSA to accredit opioid treatment programs using opioid agonist or partial agonist treatment medications.

"Administer" means the direct application of a prescription drug by ingestion or any other means to the body of a ~~patient~~person served by a licensed practitioner, or the patient at the direction of, or in the presence of, a practitioner.

"Administrative withdrawal" means a ~~patient's~~ medically supervised withdrawal involving the gradual tapering of dose of medication over time, coinciding with the ~~patient's~~ usually involuntary discharge from medication assisted treatment. Administrative withdrawal typically results from non-payment of fees, violent or disruptive behavior, incarceration or other confinement.

"Approved narcotic drug" means a drug approved by the United States Food and Drug Administration for maintenance and/or detoxification of a person physiologically dependent upon opioid drugs.

"ASAM criteria" means the most current edition of the American Society of Addiction Medicine's published criteria for admission to treatment, continued services, and discharge.

"Biopsychsocial assessment" means in-person interviews conducted by a LBHP or Licensure Candidate designed to elicit historical and current information regarding the behavior and experiences of a ~~patient~~person served, and are designed to provide sufficient information for problem formulation, intervention planning, case management needs, and formulation of appropriate substance abuse-related treatment and service planning.

"Buprenorphine" means a partial agonist, Schedule III narcotic approved for use in opioid dependence treatment.

"CARF" means the Commission on the Accreditation of Rehabilitation Facilities.

"Central registry" ~~A means~~ a document or database to which an OTP shall report ~~patient~~-identifying information about individuals who are applying for or undergoing medically supervised withdrawal or maintenance treatment on an approved opioid agonist or partial agonist to a central record system approved by the Commissioner or designee.

"Certification" means the process by which ODMHSAS or SAMHSA determine that an OTP is qualified to provide opioid treatment under applicable

State and Federal standards.

"Chain of custody" means the process of protecting items so that movement, possession and location are secure and documented and there is no possibility for altering or otherwise tampering with the item.

"Chronic pain disorder" means an ongoing condition or disorder consisting of chronic anxiety, depression, anger and changed lifestyle, all with a variable but significant level of genuine neurologically based pain. The pain becomes the main focus of the ~~patient's~~ person served attention, and results in significant distress and dysfunction.

"Clinical Opioid Withdrawal Scale" or "COWS" means a well validated, standardized assessment instrument for evaluating the severity of ~~a patient's~~ withdrawal through the identification of objective and subjective symptoms and the severity of these symptoms.

"Clinical record" or "treatment record" means the collection of written information about the evaluation or treatment of a person served that includes the intake data, evaluation, service plan, description of services provided, medications as prescribed, continuing care plan, and discharge information.

"Clinical supervision" means an organized process by which knowledgeable and skilled supervisors systematically and routinely provide ongoing and in-depth review of direct service providers' performance.

"COA" means the Commission on Accreditation.

"Comprehensive maintenance treatment" is:

(A) ~~Dispensing or administering an approved opioid agonist or partial agonist medication at stable dosage levels for a period in excess of 21 days to a patient for opioid dependence, and~~

(B) ~~Providing medical, clinical and educational services to the patient with opioid dependence.~~

"Comprehensive maintenance treatment" means dispensing or administering an approved opioid agonist or partial agonist medication at stable dosage levels for a period in excess of 21 days for opioid use disorder; and providing medical, clinical and educational services to the person served with opioid use disorder.

"Continuing care plan" or "discharge summary" means a written plan of recommendations and specific referrals for implementation of continuing care services, including medications, developed with the knowledge and cooperation of the ~~patient~~ person served.

"Co-occurring disorder" or "COD" means any combination of mental health and substance use disorder symptoms or diagnoses as determined by the current Diagnostic and Statistical Manual of Mental Disorders that affect a ~~patient~~ person served.

"Critical incident" ~~means an occurrence or set of events inconsistent with the routine operation of an approved treatment facility, or the routine care of a patient. Critical incidents specifically include but are not necessarily limited to the following: adverse drug events; self-destructive behavior; deaths and injuries (including automobile accidents) to the patient, patient family, staff and visitors; medication errors; neglect or abuse of a patient; fire; unauthorized disclosure of information;~~

~~damage to or theft of property belonging to a patient or an approved treatment facility; other unexpected occurrences; or events potentially subject to litigation. A critical incident may involve multiple individuals or results.~~

"Critical incident" means an occurrence or set of events inconsistent with the routine operation of a facility, service setting, or otherwise routine care of a person served. Critical incidents specifically include but are not necessarily limited to the following: adverse drug events; self-destructive behavior; deaths and injuries to persons served, staff and visitors; medication errors; persons receiving residential treatment that are absent without leave (AWOL); neglect or abuse of a person served; fire; unauthorized disclosure of information; damage to or theft of property belonging to persons served or the facility; other unexpected occurrences; or events potentially subject to litigation. A critical incident may involve multiple individuals or results.

"Cultural competency" means the ability to recognize, respect, and address the unique needs, worth, thoughts, communications, actions, customs, beliefs and values that reflect an individual's racial, ethnic, religious, sexual orientation, and/or social group.

"DEA" means Drug Enforcement Administration.

"Discharge planning" means the process, beginning at admission of determining a consumer's continued need for treatment services and developing a plan to address ongoing consumer recovery needs.

"Diskette" means a compressed wafer form of methadone intended to be dissolved in water for consumption. ~~For the purposes of this chapter methadone diskettes will not be considered to be the same as tablet methadone. Diskettes shall be dissolved in liquid prior to being dispensed, or dissolved in liquid by the patient in full and clear view of OTP staff before the patient may leave the clinic with the dose.~~

"Dispense" means preparing, packaging, compounding and labeling for delivery, a prescription drug in the course of professional practice to an ultimate user by the lawful order of a physician.

"Diversion" means the unauthorized or illegal transfer of an opioid agonist or partial agonist treatment medication.

"Diversion control plan" or "DCP" means documented procedures to reduce the possibility that controlled substances are used for any purpose other than legitimate use.

"Drug test" means the assessment of an individual to determine the presence or absence of illicit or non-prescribed drugs or alcohol or to confirm maintenance levels of treatment medication(s), by a methodology approved by the OTP medical director based on informed medical judgment and conforming to State and Federal law. This may include blood testing, oral-fluid and urine testing.

"Exception request process" means a process recording the justification of the need to make a change in treatment protocol for ~~an opioid patient~~ person receiving medication assisted treatment for opioid use disorder and submitted to SAMHSA using form SMA-168.

"FDA" means the Federal Food and Drug Administration.

"Federal opioid treatment standards" means the established standards of

SAMHSA, CSAT and the DEA that are used to determine whether an OTP is qualified to engage in medication assisted opioid treatment.

"HIPAA" means Health Insurance Portability and Accountability Act

"Holiday" means those days recognized by the State of Oklahoma as holidays.

"Individual Placement and Support" or **"IPS"** means an evidence based specific type of employment and education service to help people with mental illness, substance use disorders or co-occurring disorders, find and keep competitive employment.

"Individualized service planning" means the ongoing process by which a clinician and the ~~patient~~person served identify and rank problems, establish agreed upon goals, and decide on the treatment process and resources to be utilized.

"Interim maintenance treatment" means maintenance treatment provided in conjunction with appropriate medical services while a ~~patient~~person served is awaiting transfer to a program that provides comprehensive maintenance treatment.

"JC" or **"TJC"** means the Joint Commission.

"Licensed Behavioral Health Professional" or **"LBHP"** means:

(A) An Allopathic or Osteopathic Physician with a current license and board certification in psychiatry or board eligible in the state in which services are provided, or a current resident in psychiatry;

(B) An Advanced Practice Registered Nurse licensed as a registered nurse with a current certification of recognition from the board of nursing in the state in which services are provided and certified in a psychiatric mental health specialty;

(C) A Clinical Psychologist who is duly licensed to practice by the State Board of Examiners of Psychologists;

(D) A Physician Assistant who is licensed in good standing in Oklahoma and has received specific training for and is experienced in performing mental health therapeutic, diagnostic, or counseling functions;

(E) A practitioner with a license to practice in the state in which services are provided by one of the following licensing boards:

(i) Social Work (clinical specialty only);

(ii) Professional Counselor;

(iii) Marriage and Family Therapist;

(iv) Behavioral Practitioner; or

(v) Alcohol and Drug Counselor.

"Licensure candidate" means practitioners actively and regularly receiving board approved supervision, and extended supervision by a fully licensed clinician if board's supervision requirement is met but the individual is not yet licensed, to become licensed by one of the following licensing boards:

(A) Psychology;

(B) Social Work (clinical specialty only);

(C) Professional Counselor;

(D) Marriage and Family Therapist;

(E) Behavioral Practitioner; or

(F) Alcohol and Drug Counselor.

"Liquid methadone" means a liquid concentrate of methadone meant to be mixed with water for ingestion.

"Lock box" means a container with a combination lock or key lock entry system for securing take home medications. The box must have the ability to lock and should be secure enough to thwart access by children.

"Long-term care facilities" means a facility or institution that is licensed, certified or otherwise qualified as a nursing home or long term care facility by the state in which methadone or buprenorphine treatment services are rendered. This term includes skilled, intermediate, and custodial care facilities which operate within the terms of licensure.

"Long-term ~~detoxification treatment~~withdrawal management" means detoxification treatment for a period of more than 30 days but less than 180 days.

"Medical director" means a physician, licensed to practice medicine in Oklahoma, who assumes responsibility for the administration of all medical services performed by an OTP, either by performing them directly or by delegating specific responsibility to authorized program physicians and healthcare professionals functioning under the medical director's direct supervision, unless otherwise indicated in this chapter. This includes ensuring the program is in compliance with all federal, state, and local laws and regulations regarding the medical treatment of dependence on an opioid drug.

"Medical withdrawal" means a condition created by administering an opioid agonist or partial agonist treatment medication in decreasing doses to an individual to alleviate adverse physical or psychological effects of withdrawal from the continuous or sustained use of an opioid drug and as a method of bringing the individual to a drug-free state.

"Medication unit" means a satellite facility established as part of, but geographically separate from, an OTP from which appropriately licensed practitioners dispense or administer an opioid agonist or partial agonist treatment medication or collect samples for drug testing or analysis. No medical or clinical interventions related to OTP treatment can be conducted at this site.

"Non-oral methadone" means an injectable form of methadone not allowed for use by an OTP.

"Nurse practitioner" means a registered nurse who is prepared through advanced education and clinical training, to provide a wide range of health care services.

"ODMHSAS" means the Oklahoma Department of Mental Health and Substance Abuse Services.

"Oklahoma Administrative Code" or "OAC" means the publication authorized by 75 O.S. § 256 known as The Oklahoma Administrative Code, or, prior to its publication, the compilation of codified rules authorized by 75 O.S. § 256(A) (1) (a) and maintained in the Office of Administrative Rules.

"OBND" means the Oklahoma Bureau of Narcotics and Dangerous Drug Control.

~~**"Oklahoma state-issued identification card"** means a photo identification card issued by the Oklahoma Department of Motor Vehicles for use in identification.~~

"Opiate drug" means any of a class of drugs also called narcotics derived from the opium poppy or containing opium and with analgesic or sedative effects that can form sustain or enhance addiction and physical dependency.

"Opioid agonist" means a drug that has an affinity for and stimulates physiologic activity at cell receptors in the central nervous system normally stimulated by opioids. Methadone is an opioid agonist.

"Opioid agonist or partial agonist treatment medication" means a prescription medication, such as methadone, buprenorphine or other substance scheduled as a narcotic under the Federal Controlled Substances Act (21 U.S.C. Section 811) that is approved by the U.S. Food and Drug Administration for use in the treatment of opiate addiction or dependence.

"Opioid antagonist" means a drug that binds to cell receptors in the central nervous system that normally are bound by opioid psychoactive substances and that blocks the activity of opioids at these receptors without producing the physiologic activity produced by opioid agonists. Naltrexone is an opioid antagonist.

"Opioid dependence" means a cluster of cognitive, behavioral, and physiological symptoms in which an individual continues use of opioids despite significant opioid-induced problems. Opioid dependence is characterized by repeated self-administration resulting in opioid tolerance, withdrawal symptoms, and compulsive drug-taking. Dependence may occur with or without the physiological symptoms of tolerance and withdrawal.

"Opioid drug" means any of a class of drugs also called narcotics, having a dependence-forming or dependence-sustaining liability similar to morphine. Originally a term for synthetic narcotics only, but for the purposes of this chapter and unless otherwise specified, currently used to describe both opium based and synthetic narcotics. These drugs have analgesic or sedative effects.

"Opioid partial agonist" means a drug that binds to, but incompletely activates, opiate receptors in the central nervous system, producing effects similar to those of an opioid agonist but, at increasing doses, does not produce as great an agonist effect as do increased doses of an agonist. Buprenorphine is a partial opioid agonist.

"Opioid treatment" means the dispensing of opioid agonist or partial agonist treatment medication, along with a comprehensive range of medical and rehabilitative services, when clinically necessary, to an individual to alleviate the adverse medical, psychological, or physical effects incident to opioid dependence. This term encompasses detoxification treatment, short-term detoxification treatment, long-term detoxification treatment, maintenance treatment or comprehensive maintenance treatment, interim maintenance treatment and treatment provided in medication units, long term care facilities or hospitals.

"Opioid Treatment Program (OTP)" ~~means an organization which has been certified by ODMHSAS to provide opioid treatment whose certification has not been suspended, revoked, or surrendered to the department~~therapeutic services and FDA-approved medications for opioid use disorder, referred to in statute as an Opioid Substitution Treatment Program.

"Pain management" means the successful management of chronic pain or a

chronic pain disorder.

~~"Patient record" or "medical record" means the collection of written information about a patient's evaluation or treatment that includes the intake data, evaluation, service plan, description of services provided, medications as prescribed, continuing care plan, and discharge information on an individual patient.~~

"Parenteral" means injected, infused or implanted, used to describe drug administration other than oral or anal.

"Person served" means an individual, adult, adolescent, or child, who has applied for, is receiving or has received evaluation or treatment services from a facility operated or certified by ODMHSAS or with which ODMHSAS contracts and includes all persons referred to in OAC Title 450 as client(s), consumer(s), patient(s) or resident(s) or a combination thereof.

"Physician assistant" means a licensed or certified mid-level medical practitioner who works under the supervision of a licensed physician (MD) or osteopathic physician (DO).

~~"Program physician" A means a licensed physician who provides medical treatment and counsel to the patients consumers of persons served by an OTP while under the supervision of the medical director.~~

"Program sponsor" A means a person named in the application for an OTP permit who is responsible for the operation of the OTP and who assumes responsibility for all its employees, including any practitioners, staff, or other persons providing medical, rehabilitative, or therapy services at the program or any of its medication units. The program sponsor need not be a licensed physician but shall employ a licensed physician for the position of medical director.

"Psychotherapy" or "Therapy" means a goal directed process using generally accepted clinical approaches provided face-to-face by a Licensed Behavioral Health Professional (LBHP) or Licensure Candidate with consumers in individual, group, or family settings to promote positive, emotional, or behavioral change.

"Rehabilitation Services" means face-to-face individual or group services provided by qualified staff to develop skill necessary to perform activities of daily living and successful integration into community life. Rehabilitation services must be provided by a Licensed Behavioral Health Professional (LBHP), Licensure Candidate, Certified Alcohol and Drug Counselor (CADC) or Certified Behavioral Health Case Manager II (CM II).

"SAMHSA" means the Substance Abuse and Mental Health Services Administration.

~~"Sentinel event" means a type of critical incident that is an unexpected occurrence involving the death or serious injury to a consumer, or risk thereof. Serious injury specifically includes loss of limb or function. The phrase "or risk thereof" includes a variation in approved processes which could carry a significant chance of a serious adverse outcome to a consumer. These events signal the need for an immediate investigation and response. Sentinel events include, but are not limited to: suicide, homicide, criminal activity, assault and other forms of violence, including domestic violence or sexual assault, and adverse drug events~~

(including medication overdoses by patients and associates of patients) resulting in serious injury or death.

"Sentinel event" means a type of critical incident that is an unexpected occurrence involving the death or serious physical or psychological injury to a person served, staff member, or visitor, or risk thereof. Serious injury specifically includes loss of limb or function. The phrase "or risk thereof" includes a variation in approved processes which could carry a significant chance of a serious adverse outcome. These events signal the need for immediate investigation and response. Sentinel events include, but are not limited to, suicide, homicide, assault and other forms of violence, including domestic violence or sexual assault, and adverse drug events resulting in serious injury or death. Sentinel events include occurrences that take place at the facility and/or during the delivery of services, as well as suicide and unintentional drug overdose deaths that occur at any time while a person receiving outpatient services is an active client and within seventy-two (72) hours of discharge from inpatient and residential settings, including sites certified under Chapter 23 of this Title.

"Service Provider" means a person who is allowed to provide services for those with substance use disorders within the regulation and scope of their certification level or license.

"Short-term detoxification treatment withdrawal management" means detoxification treatment for a period not in excess of 30 days.

"State Opioid Treatment Authority" or "SOTA" ~~is~~ means the agency designated by the Governor or other appropriate official designated by the Governor to exercise the responsibility and authority within the State or Territory for governing the treatment of opioid dependence with an opioid drug. For Oklahoma it is the Oklahoma Department of Mental Health and Substance Abuse Services.

"STD" means sexually transmitted disease.

"Tablet methadone" means methadone in a tablet form intended to be taken orally. For the purposes of this chapter diskettes will not be considered to be tablet methadone. Tablet methadone is not allowed for use by an OTP.

~~"Take-home privilege or take-home medication"~~ **"Take-home dose" or "take-home medication"** means one or more doses of an opioid agonist or partial agonist treatment medication dispensed to a ~~patient~~ person served for use off the premises.

"Therapeutic hour(s)" means the amount of time in which the ~~patient~~ person served was engaged with a service provider in identifying, addressing, and/or resolving those issues that have been identified in that ~~patient's~~ individual's treatment plan.

~~"Urine analysis (UA) drug screen"~~ means a urine sample taken to determine if metabolites are present indicating the use of drugs.

"Withdrawal treatment" means either administrative withdrawal, or medical titration and withdrawal from any drug or medication until the ~~patient~~ person served has achieved a drug free state.

SUBCHAPTER 3. FACILITY RECORD SYSTEM

PART 1. RECORD SYSTEM

450:70-3-3.1. ~~Patient transfer~~ Transfer of persons served

(a) The OTP shall refer ~~patients~~persons served to other resources when the individual has treatment or service needs the facility does not provide.

(1) The OTP shall maintain a directory of currently available local resources.

(2) The transferring program must supply ~~patient~~medical/clinical records necessary in response to a written request and a valid consent form within fifteen (15) days of receipt and in compliance with all applicable state and federal law.

(A) The program shall furnish copies of ~~medical~~clinical records requested, or a summary or narrative of the records, including records received from a physician or other health care provider involved in the care or treatment of the ~~patient~~person served, pursuant to a written consent for release of the information, except if the physician determines that access to the information would be harmful to the physical, mental, or emotional health of the ~~patient~~person served, and the program may delete confidential information about another ~~patient~~person served or family member of the ~~patient~~person served who has not consented to the release.

(B) The information shall be furnished by the program within fifteen (15) days after the date of receipt of the request.

(C) If the program denies the request, in whole or in part, the program shall furnish the ~~patient~~person served a written statement, signed and dated, stating the reason for the denial. A copy of the statement denying the request shall be placed in the patient's record of the person served.

~~(b) Compliance with 450:70-3-3.1 may be determined by:~~

- ~~(1) A review of policies and procedures,~~
- ~~(2) Treatment records,~~
- ~~(3) Performance improvement guidelines,~~
- ~~(4) Interviews with staff, and~~
- ~~(5) Other facility documentation.~~

(b) The OTP shall have written policy and procedure stating these guidelines when a person served is transferring from one clinic or level of care to another:

(1) The admitting program shall obtain from the person served an authorization for disclosure of confidential information, for the purpose of obtaining accurate and current information concerning the individual's treatment at the former program.

(2) The medical director or program physician at the admitting program shall not allow the person served to attend the clinic less frequently than the most recent schedule allowed at the former program unless:

(A) Copies of the clinical records are obtained to sufficiently document the satisfactory adherence of the person served to all relevant federal and state regulations for the required time in treatment; and

- (B) The program physician has completed an evaluation of the person served.
- (3) At a minimum, staff from the admitting program shall document in the clinical record and staff from the transferring program must provide the following information before the initial dose of methadone or buprenorphine is administered to a person served who is transferring:
 - (A) The last date and amount of opioid treatment medication administered or dispensed at the former program;
 - (B) The length of time in continuous treatment;
 - (C) The most recent record of clinic attendance;
 - (D) The name, address, and telephone number of the program contacted;
 - (E) The date and time of the contact; and
 - (F) The name of the program employee furnishing the information.
- (c) Compliance with 450:70-3-3.1 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Treatment records,
 - (3) Performance improvement guidelines,
 - (4) Interviews with staff, and
 - (5) Other facility documentation.

PART 3. INTAKE AND ADMISSION ASSESSMENT

450:70-3-5. Assessment and record content - Medical

- (a) All OTPs shall assess each individual for appropriateness for admission, ensuring the individual is placed in the least restrictive level of care.
- (b) Each OTP shall ensure that ~~patients~~persons served are admitted to treatment by a program physician, who determines that such treatment is appropriate for the specific ~~patient~~person served by applying current and established DSM diagnostic and ASAM-criteria.
- (c) The OTP shall have written policy and procedure stating the program shall require each ~~patient~~person served to undergo a complete, fully documented history and physical examination by the medical director, a program physician or physician with a valid Oklahoma license before admission to the medication assisted opioid treatment program. For the purposes of this chapter, a Physician Assistant or Nurse Practitioner, with appropriate Oklahoma license/certification and working under the direction and supervision of the OTP medical director may perform services allowed by Oklahoma certification or licensure such as those listed here, unless otherwise specified. A full medical examination, including the results of serology and other tests, must be completed within fourteen (14) days following admission.
- (d) Compliance with 450:70-3-5 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-5.1. Assessment and record content - History

(a) ~~Patients~~Persons served who have had a complete history and physical including laboratory tests within the past three months may be admitted to the OTP without a new medical examination and laboratory tests, unless the program physician requests it. The admitting program shall obtain copies of these results within fifteen (15) days of admission. If records are not obtained within fifteen (15) days, the program shall conduct a complete history and physical.

(b) The OTP shall have written policy and procedure stating any ~~drugs approved~~FDA-approved medications for use in treating a significant opioid use disorder when used by an OTP for persons with a history of physiologic dependence, shall only be used in treating persons with a history of symptoms of opioid use disorder as stated in Title 43A, Section 3-601 A. 1. and as verified by the medical director or a program physician through medical examination; or persons with a history of dependence as stated in Title 43A, Section 3-601 A. 1. and written documentation from an agency at which another type of substance use disorder treatment was attempted or accomplished. Such documentation shall be received prior to admission to the program and/or induction of any drug uses as a part of an opioid treatment regimen. When buprenorphine is used to provide medication assisted treatment in this setting, a one year history of opioid use disorder or dependence shall be required.

(c) The OTP shall have written policy and procedure stating that if clinically appropriate, the program physician may waive the requirement as stated in Title 43A, Section 3-601 A. 1. for:

- (1) A ~~patient~~person served within six (6) months of release from a correctional institution;
- (2) A ~~patient~~person served with a pregnancy verified by the program physician; or
- (3) A ~~patient~~person served having previously received medication-assisted recovery services for an opioid use disorder and within two (2) years of discharge from an OTP.

(d) Compliance with 450:70-3-5.1 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

450:70-3-5.2. Assessment and record content - Symptoms

(a) Any ~~patient~~person served seeking admission while under the influence, or undergoing withdrawal of alcohol or drugs other than opioids shall be assessed prior to admission for medical needs. The written criteria to be used for medical needs assessment shall be approved by the OTP medical director and meet state and federal requirements regarding standards of care.

(b) Using a standardized and accepted instrument (such as the COWS Scale) no ~~patient~~person served shall be admitted to medication assisted opioid recovery services unless symptoms of opioid dependency listed below are present with at least two symptoms coming from numbers one (1) through seven (7);

- (1) Elevated resting pulse rate;

- (2) Increased sweating;
 - (3) Tremors;
 - (4) Variation in pupil size;
 - (5) Increased yawning;
 - (6) Runny nose and/or tearing;
 - (7) Presence of "gooseflesh";
 - (8) Increased restlessness;
 - (9) Bone and/or joint pain;
 - (10) Increased anxiety or irritability; or
 - (11) Gastrointestinal distress.
- (c) Compliance with 450:70-3-5.2 may be determined by:
- (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-5.3. Assessment and record content – Dispensed and prescribed pharmaceuticals

(a) The OTP shall have written policy and procedure stating the patient clinical record shall contain adequate documentation of any prescription drug medication, including methadone or buprenorphine, that a patient person served may be taking, including the name of the drug medication, the prescription number, the dose, the reason for prescribing, the name of the prescribing doctor, the pharmacy's name and telephone number, the date it was prescribed, and the length of time the patient person served is to be taking the drug medication. A release of information to the prescribing physician either by mail, facsimile or other acceptable electronic means allowing the medical director to coordinate treatment and discuss medications.

- (b) Compliance with 450:70-3-5.3 may be determined by:
- (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-5.4. Assessment and record content – Level of care

(a) The OTP shall have written policy and procedure stating that patients persons served with two (2) or more unsuccessful managed withdrawal episodes within a twelve (12) month period must be assessed by the medical director or a program physician for identification of need for other forms of treatment. An OTP shall not admit a patient person served for more than two (2) withdrawal management episodes in one (1) year.

- (b) Compliance with these standards and criteria may be determined by a review of the following:
- (1) Policy and Procedures,
 - (2) Review of all facility records, and
 - (3) Investigations, site visits, treatment protocols, patient clinical records, clinical service manuals and certification reviews.

450:70-3-5.5. Assessment and record content – Care of minors

~~(a) No person under eighteen (18) years of age may be admitted to maintenance treatment unless a parent, legal guardian or otherwise legally responsible adult designated by the relevant state authority consents in writing to such treatment.~~

(a) Written approval from a parent or guardian for a person served under the age of eighteen (18) admitted to maintenance treatment shall be obtained if required by law. If a minor is eligible to self-consent to treatment pursuant to state law, written approval from a parent or guardian is not required.

(b) Compliance with 450:70-3-5.5 may be determined by:

- (1) A review of policies and procedures,
- (2) treatment records, and
- (3) Other facility documentation.

450:70-3-5.6 Assessment and record content – Central registry

(a) The OTP shall have written policy and procedure outlining the requirement for the reporting of persons receiving medication assisted opioid treatment to the ODMHSAS. This report to the Central Registry shall be made electronically as requested by the Department and within twenty-four (24) hours of admission, change of medical status or discharge of any patient~~person served~~.

(b) Compliance with 450:70-3-5.6 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

450:70-3-5.7. Assessment and record content –Consent and admission information

(a) The OTP shall have written policy and procedure stating the admission requirements for opioid treatment programs.

(b) All applicants for medication assisted opioid treatment shall sign a written consent for opioid treatment in the primary language of the applicant.

(c) The ~~patient~~-admission information shall contain, but not be limited to, the following:

- (1) Date of initial contact requesting services;
- (2) Identification information, including ~~Patient's~~the name, home address, and telephone number of the person served;
- (3) Referral source;
- (4) Mental status examination and findings;
- (5) History and physical information;
- (6) Family to be notified in case of emergency; and

(d) Compliance with 450:70-3-5.7 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

450:70-3-5.8. Assessment and record content – ASAM

(a) The OTP shall document and assess all ~~patient~~persons served for

appropriateness of admission taking into account the ~~patient's needs~~ of the person served as identified by, but not limited to:

- (1) Acute intoxication and/or withdrawal potential;
 - (2) Biomedical conditions and complications;
 - (3) Emotional, behavioral, or cognitive conditions and complications;
 - (4) Readiness to change;
 - (5) Relapse, continued use, or continued problem potential; and
 - (6) Recovery/living environment.
- (b) Compliance with 450:70-3-5.8 may be determined by:
- (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-5.9. Assessment and record content – Supportive service array

(a) The OTP shall have a written policy and procedure that shall be made available to all ~~patients~~ persons served, outlining rehabilitation services. Minimum services include:

- (1) Individual therapy or rehabilitation services until the ~~patient~~ person served is fully stabilized and as indicated in this chapter;
 - (2) Group and family therapy or rehabilitation services for spouses, parents, or significant others and as indicated in this ~~chapter~~ Chapter;
 - (3) Individual Placement and Support Services;
 - (4) Case management services;
 - (5) Peer recovery support services; and
 - (6) Referral for additional services as outlined by the individualized treatment plan.
- (b) Compliance with 450:70-3-5.9 may be determined by:
- (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-5.10. Assessment and record content – Service notification

(a) The OTP shall have written policy and procedure requiring the ~~patient~~ person served to be informed of all services that are available through the agency; and of all policies and procedures that may impact the ~~patient's treatment~~ of the person served.

(b) There shall be written verification such notification was made, signed by the ~~patient~~ person served.

(c) The OTP shall have written policy and procedure requiring the ~~patient~~ person served be informed of the following upon admission:

- (1) The progression of opioid dependence and the ~~patient's~~ assessed stage of opioid use disorder of the person served;
- (2) The goal and benefits of medication assisted opioid-recovery services;
- (3) The signs and symptoms of overdose and when to seek emergency assistance;
- (4) The characteristics of opioid agonist and partial agonist treatment

medication, including common side-effects and potential interaction effects with non-opioid agonist treatment medications and/or illicit drugs;

(5) The requirement for staff members to report suspected or alleged abuse or neglect of a child or an incapacitated or vulnerable adult;

(6) The requirement for staff members to comply with the confidentiality requirements of 42 CFR Part 2 and 45 CFR parts 160 and 164;

(7) Drug screening and urinalysis procedures;

(8) Take-home medication requirements;

(9) Testing and treatment available for HIV, HCV, tuberculosis and other communicable diseases;

(10) The process for a ~~patient~~person served to file a grievance with the agency for any reason, including involuntary discharge, and to have the client's grievance handled in a fair and timely manner; and

(11) The process for a ~~patient~~person served to file a grievance with the ODMHSAS ~~Patient~~Consumer Advocate office ~~agency~~ for any reason, including involuntary discharge.

(d) Compliance with 450:70-3-5.10 may be determined by:

(1) A review of policies and procedures,

(2) Treatment records, and

(3) Other facility documentation.

450:70-3-5.12. Assessment and record content – Co-occurring disorder

(a) The OTP shall have written policy and procedure requiring the facility to ensure that, if, during the assessment or physical examination, a determination is made that a ~~patient~~person served may have a mental disorder, the ~~patient~~person served is referred for assessment and treatment of the mental disorder.

(b) All required consents, for communication and collaboration with the ~~patient's~~ behavioral health professional to monitor and evaluate interactions between the ~~client's~~ opioid agonist or partial agonist treatment medication and any medications used to treat the ~~patient's~~ mental disorder of the person served are required to be completed and in the chart.

(c) Compliance with 450:70-3-5.12 may be determined by:

(1) A review of policies and procedures,

(2) Treatment records, and

(3) Other facility documentation.

450:70-3-5.13 Assessment and record content – Medical

(a) The OTP shall have written policy and procedure requiring the OTP to ensure that, if, during the assessment or physical examination, a determination is made that a ~~patient~~person served may have a medical condition requiring intervention, the ~~patient~~person served is referred for assessment and treatment of the medical condition.

(b) The OTP will have all required consents, for communication and collaboration with the ~~patient's~~ health professional to monitor and evaluate interactions between the ~~patient's~~ opioid agonist or partial agonist treatment medication and medications used to treat the ~~patient's~~ medical condition of the person served.

(c) Compliance with 450:70-3-5.13 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

450:70-3-5.14. Assessment and record content – Medical service refusal

(a) The OTP shall have written policy and procedure allowing the medical director to refuse the admission and/or medication assisted opioid recovery services to any patient/person served if, in the reasonable clinical judgment of the medical director, the person would not benefit from such treatment. Prior to such a decision, appropriate staff should be consulted and the reason(s) for the decision must be documented by the medical director.

(b) Compliance with 450:70-3-5.14 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

450:70-3-5.15 Assessment and record content – Identification [REVOKED]

~~(a) The OTP shall have written policy and procedure requiring the patient must present a valid form of photo identification which can include;~~

- ~~(1) A valid, State authorized driver's license from the State of residence,~~
- ~~(2) A valid federally authorized form of identification card, or~~
- ~~(3) A valid Tribal ID card with photograph from a federally recognized tribe.~~

~~(b) Photocopies shall be obtained upon admission and the copy must be maintained in the patient's record. The program shall document in the patient's file attempts to induce the patient to obtain state identification.~~

~~(c) Compliance with 450:70-3-5.15 may be determined by:~~

- ~~(1) A review of policies and procedures,~~
- ~~(2) Treatment records, and~~
- ~~(3) Other facility documentation.~~

450:70-3-5.16 Assessment and record content – Initial dosing

(a) OTPs shall develop and maintain written policies and procedures that are adequate to ensure that the following dosage form and initial dosing requirements are met:

(1) Methadone shall be administered or dispensed only in oral and liquid form and shall be formulated in such a way as to reduce its potential for parenteral abuse. ~~Diskettes shall be dissolved in liquid prior to being dispensed, or dissolved in liquid.~~

(2) For each new patient/person served enrolled in a program, the initial dose of methadone shall not exceed thirty (30) milligrams and the total dose for the first day shall not exceed forty (40) milligrams, unless the program physician documents in the patient's clinical record that forty (40) milligrams did not suppress opiate abstinence symptoms.

(3) Any increase above forty (40) milligrams shall be based on the physician's medical judgment and documented in the chart.

- (4) Buprenorphine may be administered in tablet or sublingual form.
- (5) Initial and later treatment dosing shall be determined by the medical director and according to best medical practice.
- (b) Compliance with 450:70-3-5.16 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-5.17. Assessment and record content – ~~Patient service~~Service refusal

(a) The OTP shall ensure that a ~~patient's~~ refusal of a particular service by a person served does not preclude the ~~patient~~person served from accessing other needed mental health or substance use disorder treatment services. Should the service provider determine the ~~patient's~~ needs of the person served cannot be met within the facility, clinical documentation of assessments and referrals for the ~~patient~~person served shall contain, at a minimum:

- (1) Date of initial contact requesting services;
- (2) Identification information, including ~~Patient's~~the name, home address and telephone number of the person served;
- (3) Referral source;
- (4) Mental status examination and results;
- (5) History and physical;
- (6) Family to be notified in case of emergency;
- (7) A continuing care plan;
- (8) What agency was contacted; and
- (9) Where and why the individual was referred.
- (b) Compliance with 450:70-3-5.16 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Treatment records, and
 - (3) Other facility documentation.

450:70-3-6. Assessment - Process requirements

(a) Written policies and procedures governing the intake and assessment process shall specify the following:

- (1) The information to be obtained on all applicants or referrals for admission;
- (2) The procedures for accepting referrals from outside agencies or organizations;
- (3) The records to be kept on all applicants;
- (4) Any prospective ~~patient~~ data regarding the person served to be recorded during the intake process;
- (5) The procedures to be followed when an applicant or a referral is found ineligible for admission; and
- (6) The procedures and policies for the purpose of admitting and assessing persons with special needs or disabilities.
- (b) Compliance with 450:70-3-5.16 may be determined by:
 - (1) A review of policies and procedures,

- (2) Treatment records, and
- (3) Other facility documentation.

PART 5. BIOPSYCHSOCIAL ASSESSMENT

450:70-3-7. Biopsychsocial assessment

(a) All OTPs shall complete a biopsychsocial assessment which gathers sufficient information to assist the ~~patient~~person served in developing an individualized treatment plan. The OTP may utilize the current edition of the Addiction Severity Index (ASI) or develop a biopsychsocial assessment which contains, but not be limited to, the following:

- (1) Identification of the ~~patient's~~person served's strengths, needs, abilities, and preferences of the person served;
- (2) Presenting problem and history of the presenting problem;
- (3) Previous treatment history, including opioid substitution therapy:
 - (A) Mental health,
 - (B) Substance abuse, and
- (4) Health history and current biomedical conditions and complications;
- (5) Alcohol and drug use history;
- (6) History of trauma;
- (7) Family and social history, including family history of alcohol and drug use;
- (8) Educational attainment, difficulties, and history;
- (9) Cultural and religious orientation;
- (10) Vocational, occupational and military history;
- (11) Sexual history, including HIV, AIDS and STD at-risk behaviors;
- (12) Marital or significant other relationship history;
- (13) Recreational and leisure history;
- (14) Legal history;
- (15) Present living arrangement;
- (16) Economic resources;
- (17) Level of functioning;
- (18) Current support system;
- (19) Current medications, including the name of prescribing physician, name of medication, strength and dosage, and length of time the consumer has been on the medication;
- (20) ~~Patient's expectations~~Expectations of the person served in terms of service; and
- (21) Assessment summary or diagnosis, and signature of the assessor and date of the assessment.

- (b) The assessment shall be completed by a LBHP or licensure candidate.
- (c) The assessment shall be completed as soon as possible after admission and no later than the third (3) therapy or rehabilitation service visit.
- (d) In the event of a consumer re-admission after one (1) year of the last biopsychsocial assessment, a new biopsychsocial assessment shall be completed. If readmission occurs within one (1) year after the last biopsychsocial assessment, an update shall be completed.

(e) Compliance with 450:70-3-7 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

PART 7. SERVICE PLANNING

450:70-3-8. Individualized service planning

(a) Upon completion of the admission evaluation, an individualized service plan shall be developed by a LBHP or licensure candidate in collaboration with the person served. ~~Service plans completed by a licensure candidate must be co-signed by a fully licensed LBHP.~~

(b) The service plan shall be based on the ~~patient's~~ presenting problems or diagnosis, intake assessment, biopsychosocial assessment, and expectations of their recovery of the person served.

(c) Frequency of services shall be determined by mutual agreement between the facility treatment team and the ~~patient~~ person served.

(d) Service plans shall be completed by the fourth visit after admission.

(e) The service plan review should occur according to the time frame required by the agency but, no less often than every six (6) months; and further, is required by any of the following situations:

- (1) Change in goals and objectives based upon ~~patient's~~ documented progress, or identification of any new problem;
- (2) Change in primary therapist or rehabilitation service provider assignment;
- (3) Change in frequency and types of services provided;
- (4) Critical incident reports; or
- (5) Sentinel events.

(f) Each ~~patient~~ person served accepted for treatment shall be assessed initially and periodically by qualified personnel to determine the most appropriate combination of services and treatment. The service plan also must identify the frequency and intensity of services to be provided.

(g) The plan must be reviewed and updated to reflect that ~~patient's~~ personal history, current needs for medical, social, and psychological services, and current needs for education, vocational rehabilitation, and employment services of the person served. Service plan updates shall be completed by an LBHP or licensure candidate. Service plan updates completed by a licensure candidate must be co-signed and dated by a fully licensed LBHP.

~~(h) The OTP will provide adequate and appropriate services to each patient as clinically necessary. Therapy shall be provided by a program LBHP or Licensure Candidate. Rehabilitation services must be provided by a LBHP, Licensure Candidate, CADC or Certified Case Manager II. Case Management services must be provided by a LBHP, Licensure Candidate, CADC, or Certified Case Manager I or II. Peer recovery support services must be provided by a Certified Peer Recovery Support Specialist. Individual Placement and Support (IPS) services must be provided by a provider trained and credentialed in IPS.~~

(h) Service plans, both comprehensive and update, must include dated signatures

of the person served (if age fourteen [14] or older), the parent/guardian (if required by law), and the LBHP or Licensure Candidate. If a minor is eligible to self-consent to treatment pursuant to state law, a parent/guardian signature is not required. Licensure candidate signatures must be co-signed by a fully-licensed LBHP in good standing. Signatures must be obtained after the service plan is completed.

(i) Compliance with 450:70-3-8 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

PART 9. PROGRESS NOTES

450:70-3-9. Progress notes

(a) Unless defined otherwise by level of care, medication assisted opioid-treatment services and any issues related to treatment shall be reflected by written documentation in the ~~patient's~~clinical record that shall chronologically describe the services provided by date and, for timed treatment sessions, time of service, and the consumer's progress in treatment.

(b) Progress notes must be signed by the service provider and include the service provider's credentials.

(c) Compliance with 450:70-3-8 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

PART 11. DISCHARGE

450:70-3-10. Discharge assessment

(a) All consumers shall be assessed for biopsychsocial appropriateness of discharge from each level of care using ASAM criteria that includes a list of symptoms for all six dimensions and each of the levels of care, to determine a clinically appropriate placement in the least restrictive level of care. This organized process involves a professional determination for appropriate placement to a specific level of care based on the consumer's severity of symptoms and current situations.

- (1) Acute intoxication and/or withdrawal potential;
- (2) Biomedical conditions and complications;
- (3) Emotional, behavioral or cognitive conditions and complications;
- (4) Readiness to change;
- (5) Relapse, continued use or continued problem potential; and
- (6) Recovery/living environment.

(b) Compliance with 450:70-3-10 may be determined by:

- (1) A review of policies and procedures, and
- (2) Discharge assessments in ~~patient~~clinical records.

SUBCHAPTER 4. SERVICES SUPPORT AND ENHANCEMENT

PART 1. STAFF SUPPORT

450:70-4-2. Clinical supervision [REVOKED]

~~(a) All OTPs shall provide clinical supervision for those delivering direct services and shall be provided by persons qualified to provide clinical supervision as determined by state licensure or certification.~~

~~(b) All OTPs shall have written policy and procedures, operational methods, and documentation regarding clinical supervision for all direct treatment staff and service staff. These policies shall include, but are not limited to:~~

- ~~(1) Credentials required for the clinical supervisor;~~
- ~~(2) Specific frequency for case reviews with treatment and service providers;~~
- ~~(3) Methods and time frames for supervision of individual, group, and educational treatment services; and~~
- ~~(4) Written policy and procedures defining the program's plan for appropriate provider-to-patient ratio, and a plan for how exceptions may be handled.~~

~~(c) Ongoing clinical supervision should address:~~

- ~~(1) The appropriateness of services selected for the patient;~~
- ~~(2) Service effectiveness as reflected by the patient meeting his/her individual goals; and~~
- ~~(3) The provision of feedback that enhances the clinical skills of direct service staff and service providers.~~

~~(d) Compliance with 450:70-4-2 may be determined by:~~

- ~~(1) A review of policies and procedures,~~
- ~~(2) Clinical services manuals,~~
- ~~(3) Clinical supervision manuals,~~
- ~~(4) Documentation of clinical supervision,~~
- ~~(5) Personnel records,~~
- ~~(6) Treatment records,~~
- ~~(7) Interviews with staff; and~~
- ~~(8) Other facility documentation.~~

~~(e) Failure to comply with 450:70-4-2 will result in the initiation of procedures to deny, suspend and/or revoke certification.~~

450:70-4-3. Staff privileging [REVOKED]

~~(a) Each OTP shall have policy and procedure for documenting and verifying the training, experience, education, and other credentials of service providers prior to their providing clinical services.~~

~~(b) Each OTP shall have written policy and procedures and operational methods for evaluating the professional qualifications of service providers providing clinical services, including those who perform staff privileging evaluations and the verification process, and the granting of privileges.~~

~~(c) All service providers shall be documented as privileged prior to performing clinical services.~~

~~(d) The evaluation and verification of professional qualifications includes, but is not~~

~~limited to, the review and verification of:~~

- ~~(1) Professional degree(s) via official college transcript(s);~~
- ~~(2) Professional licensure(s);~~
- ~~(3) Professional certification(s);~~
- ~~(4) Professional training;~~
- ~~(5) Professional experience; and~~
- ~~(6) Other qualifications as set forth in the position's job description.~~

~~(e) Each OTP shall minimally perform an annual review of current licensure, certifications, and current qualifications for privileges to provide specific treatment services.~~

~~(f) Compliance with 450:70-4-3 may be determined by:~~

- ~~(1) A review of policies and procedures,~~
- ~~(2) Clinical supervision manuals,~~
- ~~(3) Personnel records,~~
- ~~(4) Privileging documents,~~
- ~~(5) Interviews with staff, and~~
- ~~(6) Other facility documentation~~

450:70-4-4. Staffing – Dosing coverage

(a) The OTP shall have written policy and procedure requiring at least two (2) staff members be present on the premises during dispensing hours. At least one (1) of the staff members shall be appropriately licensed to dispense approved~~FDA-~~approved opioid agonist or partial agonist ~~drugs~~medications.

(b) Compliance with 450:70-4-4 may be determined by:

- (1) a review of policies and procedures,
- (2) staff schedules,
- (3) treatment records, and
- (4) other facility documentation.

450:70-4-4.1. Staffing – Transportation, dispensing and responsibility

(a) The OTP shall have written policy and procedure to ensure that only appropriately trained and licensed medical personnel shall be allowed access to, transportation of, dispensing of, administration of, or responsibility for approved opioid agonist or partial agonist medications.

- (1) Access to medication deliveries to an OTP shall be received, secured and inventoried by program personnel specifically designated for this task.
- (2) Acceptance of delivery of scheduled ~~drugs~~medications must be made only by a licensed practitioner employed at the OTP or other authorized individuals designated in writing who must sign for all scheduled ~~drugs~~medications. Staff who are currently or previously experience a significant opioid use disorder are not allowed to perform this function.
- (3) The OTP shall have one staff member to have primary responsibility for receiving, securing and inventorying medications.
- (4) The OTP also shall identify additional program personnel who have authority to receive, store and inventory the medication at times when the individual designated to have primary responsibility is not available.

- (5) The OTP shall maintain a written list of all designated personnel who have been authorized to receive, store and inventory the medication. This list shall be updated whenever a change in designated personnel occurs.
- (b) Transportation of opioid medications by OTP staff shall also:
- (1) Be limited to persons served by the OTP patients in a residential treatment facility, hospital, long-term care facility, or jail, or consumers receiving treatment through a mobile medication unit in accordance with 450:70-6-10.1; and
 - (2) ~~Always~~Be done with an appropriate chain of custody form, such as the one available through the Division of Pharmacologic Therapies within SAMHSA.
- (c) Compliance with 450:70-4-4.1 may be determined by:
- (1) A review of policies and procedures,
 - (2) Personnel records,
 - (3) Privileging documents,
 - (4) Training records,
 - (5) Interviews with staff, and
 - (6) Other facility documentation.

450:70-4-4.2. Staffing – Medical Director coverage

- (a) The OTP shall have written policy and procedure requiring the medical director be present, on site for two hours each week during normal dispensing hours for every one hundred (100) active ~~patients~~persons served in an OTP. In this instance, a designee cannot substitute for the medical director.
- (b) For this standard, substituting a program physician, physician assistant or certified nurse practitioner for the medical director is not sufficient.
- (c) Compliance with 450:70-4-4.2 may be determined by:
- (1) A review of policies and procedures,
 - (2) Staff schedules,
 - (3) Privileging documents,
 - (4) Employee contracts,
 - (5) Interviews with staff, and
 - (6) Other facility documentation.

450:70-4-4.3. Staffing – Training

- (a) The OTP shall have written policy and procedure requiring each person engaged in the medication assisted recovery services for a significant opioid use disorder to have sufficient education, training, and/or experience to enable that person to perform the assigned duties and functions. This includes specific training in opioid related treatment service options. All physicians, nurses, and other licensed professional care providers, including therapists and rehabilitation service providers, must comply with the credentialing requirements of their respective professions. Hiring preference should be given to staff with substance use disorder and/or opioid use disorder treatment specific licenses and certifications.
- (1) All direct service and medical staff shall receive training relevant to service delivery in a medication assisted opioid treatment setting. There shall be-seven

- (7) clock hours of such training during each year.
- (2) All direct service staff shall receive initial training and ongoing training updates for all personnel employed by the treatment facility covers at a minimum:
 - (A) Rights of ~~the patients~~ persons served served;
 - (B) Person and family centered services;
 - (C) The prevention of violence in the workplace;
 - (D) Confidentiality requirements;
 - (E) Cultural competency; and
 - (F) Expectations regarding professional conduct.
- (3) All physicians working in an OTP should have, or be in the process of obtaining, specialty certification and/or licensure related to medication assisted opioid and/or substance use disorder treatment.
- (b) Compliance with 450:70-4-4.3 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Credentialing and -privileging documents,
 - (3) Training records,
 - (4) Interviews with staff, and
 - (5) Other facility documentation.

450:70-4-4.4. Staffing – Qualifications

- (a) The OTP shall have written policy and procedure requiring ~~opioid agonist or partial agonist treatment~~ FDA-approved medications for opioid use disorder be administered or dispensed only by a practitioner licensed and registered under the appropriate State and Federal laws to administer or dispense such ~~drugs, medications, or by an agent of such practitioner if the agent is supervised by and under the order of the licensed practitioner, if the agent is authorized by Federal and State law to administer or dispense medications for opioid use disorder.~~
- (b) The facility shall maintain documentation verifying the qualifications for the service providers.
- (c) Staff shall be, at least, ~~twenty-one~~ twenty-one (21) years old (excluding student interns).
- (d) Compliance with 450:70-4-4.4 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Credentialing and -privileging documents,
 - (3) Interviews with staff, and
 - (4) Other facility documentation.
- (e) Failure to comply with 450:70-4-4.4 will result in the initiation of procedures to deny, suspend and/or revoke certification.

PART 3. ORGANIZATIONAL AND FACILITY MANAGEMENT

450:70-4-5. Service support and enhancement

- (a) Each OTP shall have written policies and procedures describing operational

methods, administration and organization adequate to ensure quality patient care, ability to operate in accordance with all approved accreditation elements and to meet the requirements of all pertinent Federal, State and local laws and regulations. In addition, an OTP will operate in accordance with all approved accreditation elements; including the OBNDD, DEA and SAMHSA.

(b) OTPs will produce evidence of a current and valid certification from SAMHSA to be considered qualified to dispense opioid ~~drugs~~ medications in the treatment of significant opioid use disorders and dependence. Prior to beginning the delivery of medication-assisted opioid recovery services, an OTP must apply for and receive a permit for temporary operations from ODMHSAS.

(c) An OTP must produce evidence that the program has been determined under the Controlled Substances Act to be qualified and registered to dispense opioid agonist treatment medications to individuals for treatment of significant opioid use disorders and opioid dependence.

(d) In order to retain ODMHSAS certification an OTP shall produce within twelve (12) months of opening, a current, valid accreditation by an accreditation body or other entity designated by SAMHSA such as CARF, JC, or COA including a written description of the current accreditation status of the OTP and must comply with any additional conditions for certification established by SAMHSA.

(e) Compliance with 450:70-4-5 may be determined by:

- (1) A review of policies and procedures,
- (2) Current certifications, accreditations, registrations, and licenses, and
- (3) Other facility documentation.

450:70-4-5.1. Organizational - Staffing

(a) An OTP shall have an accurate and current description of organizational structure including;

- (1) The names and contact information of all persons responsible for the OTP.
- (2) The current addresses of the OTP and of each additional facility, medication unit or additional site under the control of the OTP providing opioid agonist treatment services, and
- (3) The sources of any funding other than ~~patient fees~~ from persons served for the OTP including the name and address of any governmental entity that provides such funding.

(b) Each OTP shall formally designate a program sponsor and medical director.

- (1) The program sponsor shall agree in writing on behalf of the OTP to adhere to all requirements set forth in this chapter and any regulations regarding the use of opioid agonist or partial agonist treatment medications in the treatment of significant opioid use disorders which may be promulgated in the future.
- (2) The medical director shall agree in writing to assume responsibility for administration of all medical services performed by the OTP. In addition, the medical director shall be responsible for ensuring that the OTP is in compliance with all applicable Federal, State, and local laws and regulations.

(c) Compliance with 450:70-4-5.1 may be determined by:

- (1) A review of policies and procedures, and
- (2) Other facility documentation.

450:70-4-5.2. Organizational - Structure and documentation [REVOKED]

~~(a) The OTP shall have a written organizational description, which is reviewed annually and minimally includes:~~

- ~~(1) The overall target population for whom services will be provided;~~
- ~~(2) The overall mission statement;~~
- ~~(3) The annual facility goals and objectives; and~~
- ~~(4) Documentation that these statements have been approved by the OTP's governing authority.~~

~~(b) The OTP shall have documentation demonstrating the documents listed in section (a), (1) through (4) above are available and communicated to staff.~~

~~(c) The OTP shall have documentation demonstrating the documents listed in section (a), (1) through (4) above are available to the general public upon request.~~

~~(d) Each OTP shall have in writing, by program component or service, the following:~~

- ~~(1) A description of the program;~~
- ~~(2) The philosophy of the program;~~
- ~~(3) Program goals and objectives;~~
- ~~(4) Identification of service providers to provide these services; and~~
- ~~(5) Admission and exclusionary criteria to identify the type of patients for whom the services are primarily intended.~~

~~(e) A written statement of the procedures and plans for attaining the facility goals and objectives. These procedures and plans should define specific tasks, set target dates and designate staff responsible for carrying out the procedures and plans.~~

~~(f) Compliance with 450:70-4-5.2 shall be determined by:~~

- ~~(1) A review of the facility's target population definition;~~
- ~~(2) Facility policy and procedures;~~
- ~~(3) Mission statement;~~
- ~~(4) Written plan for professional services;~~
- ~~(5) Other stated required documentation; and~~
- ~~(6) Other facility documentation.~~

450:70-4-5.4. Organizational - Fee structure and exceptions

(a) The OTP shall have written policy and procedure establishing a standard fee for patientspersons served receiving methadone as part of a medication assisted treatment program that shall be inclusive of all regular and normal, clinical, administrative and medical services and procedures and be no more than \$65.00 per week, unless an exception is approved by ODMHSAS-.

(b) Unless otherwise specified in this chapter, requirements, and exceptions, for each type of opioid treatment services shall apply, as required by 42 CFR, Chapter 1, Part 8.

(c) The fee for patientspersons served receiving buprenorphine as part of a medication assisted treatment program shall be set by the OTP medical director.

(d) Compliance with 450:70-4-5.4 may be determined by:

- (1) A review of policies and procedures,

- (2) Interviews with staff, and
- (3) Other facility documentation.

450:70-4-6. New program approval

(a) Determination of the need for new services shall be at the sole discretion of ODMHSAS as the designated state authority responsible for medication assisted opioid recovery services through information provided by the proposed new agency including:

- (1) Copies of all planned promotional materials, advertisements, and marketing strategies to publicize the proposed program;
- (2) Policies and procedures that will be used to identify if a ~~patient~~person served is enrolled in another clinic;
- (3) The source and adequacy of financial assets necessary to operate the program;
- (4) If applicable, the compliance history of the applicant, including any issues reported to ODMHSAS by SAMHSA, DEA or any other regulatory agency;
- (5) Adequate planning and organizational structure demonstrated by full and complete answers submitted to all questions in the application materials;
- (6) A written statement that the applicant has read, understood and agreed to follow all federal and state regulations concerning operation of an OTP signed by the program sponsor and the medical director;
- (7) Documentation of the need for new services in the area as demonstrated by providing ODMHSAS with waiting lists, numbers of opioid related emergency room visits, opioid related arrest data, and federal drug use forecasting data;
- (8) Demonstration of the general community acceptance by providing ODMHSAS with copies of letters of support from local authorities and local residents living near the site;
- (9) Additional information and documentation for medication units in accordance with SAMHSA guidelines and as requested by ODMHSAS, if applicable; and
- (10) Written documentation that ODMHSAS has received and accepted all the requirements listed above.

(b) Compliance with 450:70-4-7 may be determined by:

- (1) A review of policies and procedures,
- (2) On-site verification of hours posted,
- (3) Interviews with staff, and
- (4) Other facility documentation.

450:70-4-7. Operations - Hours

(a) The OTP shall have policy and procedure to define operations for a minimum of forty (40) hours per week, (excluding holidays and emergency closure) in outpatient settings and twenty-four (24) hours per day in inpatient and residential program settings.

(b) The OTP shall have written policy and procedure for medication dispensing available at least six (6) days per week in outpatient settings; and seven (7) days

per week in inpatient and residential settings with approval from SAMHSA.

(c) The facility shall be publicly accessible and accommodate office space, individual and group therapy/rehabilitation service space, secure record storage, and protect consumer confidentiality, ~~and provide a safe, warm, welcoming, culturally and age appropriate environment.~~

(d) Hours of operation shall be during regularly scheduled times in which services are accessible to consumers and the general public, including those employed between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday. To accomplish this, the OTP shall have written policy and procedure providing at least two (2) hours per day either prior to 9:00 a.m. or after 5:00 p.m. for dispensing medication and therapy/rehabilitation services.

(e) For facilities that do not provide twenty-four (24) hour services, the facility's hours of operation shall be conspicuously displayed on the outside of the building. For facilities in multi-office buildings, the hours shall be posted either on the building directory or the facility's office door.

(f) Clinical services shall be organized with scheduled treatment sessions that accommodate schedules of persons served who are employed and parenting ~~patients' schedules,~~ and offer treatment services during the day, evening, or weekends.

(g) Compliance with 450:70-4-7 may be determined by:

- (1) A review of policies and procedures,
- (2) Personnel records,
- (3) On-site verification,
- (4) Interviews with staff, and
- (5) Other facility documentation.

450:70-4-7.2. Operations – Dual enrollments

(a) The OTP shall have written policy and procedure stating ~~methadone or buprenorphine~~ FDA-approved medications shall not be provided to a ~~patient~~ person served who is known to be currently receiving ~~methadone or buprenorphine~~ medications from another OTP. ~~Patients~~ Persons Served who are known to be enrolled in more than one OTP at a time shall be required to choose one ~~clinic~~ OTP for treatment. ~~That patient must then begin treatment as a new patient, including attending the clinic on a daily basis a minimum of six days per week, for a period of six months.~~ The ~~patient~~ person served must also be reported to the SOTA.

(b) Compliance with 450:70-4-7.2 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records,
- (3) Interviews with staff, and
- (4) Other facility documentation.

450:70-4-7.3. Operations – Dosing considerations

(a) The OTP shall have written policy and procedure stating that methadone shall be dispensed orally and in liquid form only. Non-oral forms and tablet form methadone are prohibited from use. Tablet and sublingual forms of buprenorphine

are allowed.

(b) Each OTP shall develop written policies and procedures giving preference to the use of liquid and diskette forms of methadone. Diskettes shall be dissolved in liquid prior to being dispensed, or dissolved in liquid by the patient in full and clear view of OTP staff.

(c) OTPs shall have written policies and procedures adequate to ensure that each opioid agonist and partial agonist treatment medication used by the program is administered and dispensed in accordance with its approved product labeling.

(d) Written policy and procedure shall reflect that dosing and administration decisions shall be made by a program physician familiar with the most up-to-date product labeling. These procedures must ensure that any significant deviations from the approved labeling, including deviations with regard to dose, frequency, or the conditions of use described in the approved labeling, are specifically documented in the patient's clinical record.

(e) The OTP shall have written policy and procedure stating the OTP shall use only those opioid agonist treatment medications that are approved by the Food and Drug Administration for use in the treatment of significant opioid use disorders and opioid dependence.

(f) The OTP shall be fully compliant with the protocol of any investigational use of a drug and other conditions set forth in the application may administer a drug that has been authorized under an investigational new drug application through all applicable Federal law for investigational use in the treatment of significant opioid use disorders and opioid dependence.

(g) Compliance with 450:70-4-7.3 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records,
- (3) Interviews with staff, and
- (4) Other facility documentation.

450:70-4-7.4. Operations – Emergencies and exception for weekend dosing

(a) The OTP shall maintain written policy and procedures for handling medical emergencies; and an emergency medical number shall be posted for use by staff.

(b) Crisis intervention and therapy/rehabilitation services shall be available when indicated.

(c) If the OTP is closed on Sunday or for holidays, there shall be written policy and procedure describing the process for providing services to and dosing for those patients~~persons served~~ who are not assessed as appropriate to receive a single take home dose. The medical director shall be responsible for determining whether a patient~~person served~~ can safely be dispensed opioid treatment drugs~~medications~~ for unsupervised use. The basis for the decision shall be, at a minimum, the nine criteria listed in 450:70-4-8 (g), (1) through (9).

(d) Compliance with 450:70-4-7.4 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records,
- (3) Interviews with staff, and
- (4) Other facility documentation.

450:70-4-8. Drug testing

(a) Each OTP shall have written policy and procedure ensuring that an initial drug test is performed for each new ~~patient~~person served, including permanent ~~transfer~~transfers ~~patients~~, before the initial or maintenance dose is administered. ~~At least monthly random tests are to be performed on each patient in comprehensive maintenance treatment for the initial year of treatment. A minimum of twelve (12) random drug tests annually with no less than one (1) per quarter are required thereafter.~~ All drug testing shall be in accordance with all state and federal law and current drug screen standards. Unless federal opioid treatment standards at 42 CFR § 8.12 state otherwise, OTPs must provide drug tests that have received FDA marketing authorization for commonly used and misused substances that may impact safety, recovery, or otherwise complicate treatment. A minimum of eight (8) random drug tests shall be performed each year for each person served, with the exception of persons served with extenuating circumstances which are documented in the clinical record.

(b) Each OTP shall conduct drug testing in accordance with the following:

(1) When a sample is collected from each ~~patient~~person served for such test or analysis, it must be done in a manner to produce timely and reliable results.

(2) The OTP must have and follow written procedures for the screening of test samples for all drugs. The procedures shall describe in sufficient detail a plan for collection, storage, handling and analysis of test samples. The procedures shall further describe the program's response to test results that include at least the following:

(A) training for staff members of the importance and relevance of reliable and timely drug abuse test procedures and reports, the purpose of conducting drug tests, and the clinical significance of the results;

(B) A protocol for collection of test samples that minimizes the opportunity for falsification and incorporates the element of randomness;

(C) A protocol for storage of test samples in a secure place to ensure chain of custody and avoid substitution;

(D) A requirement for disclosure of test sample results to the ~~patient~~person served and documentation in the ~~patient~~clinical record of ~~program and patient~~ the response to the test results of the program and person served;

(E) Policy and procedure designed to reduce the negative and/or stigmatizing aspects of drug test collection;

(F) Policy stating that if a ~~patient~~person served refuses to provide a test sample, upon request from a staff member, such refusal shall be considered the same as a positive result for illicit drugs. Such refusals shall be documented in the ~~patient~~clinical record; and

(G) There shall be no "grace period" allowed. ~~Patients~~Persons served from which a UA is requested must submit a sample at that time or it will be considered a refusal.

(b) Compliance with 450:70-4-7.8 may be determined by:

(1) A review of policies and procedures,

(2) Treatment records,

- (3) Staff training records,
- (4) Interviews with staff, and
- (5) Other facility documentation.

450:70-4-8.1. Drug testing –Withdrawal Management [REVOKED]

- ~~(a) For patients in short-term withdrawal management, the OTP shall perform at least one initial drug test.~~
- ~~(b) For patients receiving long-term withdrawal management, the OTP shall perform initial and monthly random tests on each patient as indicated in 450:70-4-8(a).~~
- ~~(c) If the patient has more than one positive urine drug screen in any twelve (12) month period then upon the second positive UA the facility will initiate at least one (1) of the following two (2) items;~~
 - ~~(1) Reduce the patient in Phase, or~~
 - ~~(2) Initiate an individualized written relapse prevention plan consisting of;~~
 - ~~(A) The patient continuing to receive medication assisted opioid recovery services as long as such treatment is medically necessary, acceptable to the patient and administrative withdrawal is not indicated,~~
 - ~~(B) Address and identify other behavioral issues consistent with relapse in the patient's service plan,~~
 - ~~(C) Review the patient's service plan and adjust, if necessary, at the first signs of the client's relapse or impending relapse, and~~
 - ~~(D) Ensure the client's family members are provided opportunities to be involved in the client's treatment.~~
- ~~(d) Compliance with 450:70-4-8.1 may be determined by:~~
 - ~~(1) A review of policies and procedures,~~
 - ~~(2) Treatment records,~~
 - ~~(3) Interviews with staff, and~~
 - ~~(4) Other facility documentation.~~

450:70-4-8.2. Drug testing – Required substance identification

- (a) The OTP shall have written policy and procedure stating drug screens will follow federal guidelines and will, at a minimum, test for the following substances;
 - (1) Opioids;
 - (2) Methadone;
 - (3) Amphetamines;
 - (4) Cocaine;
 - (5) Benzodiazepines; and
 - (6) Barbiturates.
- (b) The OTP shall have written policy and procedure stating drug testing shall include other drugs as may be indicated by the patient's abuse patterns of the person served. In addition, if any other drug or drugs have been determined by a program to be abused in that program's locality, or as otherwise indicated, each test or analysis must include any such drugs.
- (c) The OTP shall have written policy and procedure stating that following admission, the results of a single drug test shall not be the sole basis to determine

significant treatment decisions.

(d) Compliance with 450:70-4-8.2 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records,
- (3) Interviews with staff, and
- (4) Other facility documentation.

450:70-4-8.3. Unsupervised take-home doses

(a) The OTP shall have written policy and procedure stating that unsupervised ~~take home~~take-home use shall be determined by the medical director. In determining which ~~patients~~persons served may be permitted unsupervised take-home use, the medical director shall consider the following criteria in determining whether a ~~patient~~person served is responsible in handling opioid ~~drugs~~medications ~~for unsupervised use~~. The same criteria shall be considered when receiving a ~~patient~~person served from a transferring program verifying the amount of time the ~~patient~~person served has spent satisfactorily adhering to the criteria found below. This information will be used to determine if the ~~patient~~person served shall be allowed to continue the same frequency of clinic attendance permitted at the former program immediately before transferring to the new program. Criteria include but are not limited to:

- (1) Absence of recent unapproved use of drugs (opioid or non-narcotic), including alcohol;
- (2) Regular clinic attendance;
- (3) Absence of serious behavioral problems at the clinic;
- (4) Absence of known recent criminal activity, e.g., drug dealing;
- (5) Stability of the ~~patient's~~person's home environment and social relationships of the person served;
- (6) Length of time in comprehensive maintenance treatment;
- (7) Assurance that take-home medication can be safely stored within the ~~patient's home~~of the person served;
- (8) Whether the rehabilitative benefit the ~~patient~~person served derived from decreasing the frequency of clinic attendance outweighs the potential risks of diversion; and
- (9) The ~~patients~~person's current phase in treatment of the person served.

~~(b) The OTP shall have written policy and procedure stating approval for unsupervised use and the basis for such determinations consistent with all criteria shall document such determinations in the patient's medical record.~~

(b) Such determinations and the basis for such determinations consistent with the criteria above shall be documented in the clinical record.

(c) The medical director, using reasonable judgment, may deny or rescind the take-home medication privileges of a person served.

(d) No unsupervised or take-home doses shall be dispensed to persons served in short-term withdrawal management or interim maintenance treatment.

~~(e)~~(e) Compliance with 450:70-4-8.3 may be determined by:

- (1) A review of policies and procedures,

- (2) Treatment records,
- (3) Interviews with staff,
- (4) Incident reports, and
- (5) Other facility documentation.

450:70-4-8.4. Take-home doses, general requirements

(a) The OTP shall have written policy and procedure describing practices in accordance with the principle that take-home doses of methadone and buprenorphine are a privilege given only to those persons served who will benefit from them and who have demonstrated responsibility in taking methadone or buprenorphine as prescribed including:

- (1) Programs must educate the person served regarding safe transportation and storage of methadone, as well as emergency procedures in case of accidental ingestion.
- (2) Before take-home privileges are allowed, the person served must have a lock box for transportation of methadone and home storage.
- (3) The program shall address the responsibilities of persons served granted take-home medications. The policies shall include methods of assuring appropriate use and storage of medication by persons served.
- (4) The program shall address the disposal of take-home bottles for methadone to include:
 - (A) Requiring take-home bottles to be returned to the OTP and to require labels to be intact and the consequences for not returning bottles described.
 - (B) Allowing disposal of take-home bottles to include procedures to insure the ability of the OTP to check for diversion by requiring persons served to submit used take-home bottles in "call backs."

(b) Compliance with 450:70-4-8.4 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

450:70-4-8.5. Take-home doses, limits

(a) With the exception of FDA-approved buprenorphine and buprenorphine combination products for opioid use disorder, take-home doses shall be limited as follows, in accordance with 42 CFR § 8.12:

- (1) Any person served in comprehensive treatment may receive their individualized take-home doses as ordered for days the OTP is closed for business, including one weekend day and State and Federal holidays, regardless of length of time in treatment.
- (2) During the first fourteen (14) days of treatment, the take-home supply (beyond that of (1) in this subsection) is limited to seven (7) days.
- (3) Beginning at fifteen (15) days of treatment, the take-home supply (beyond that of (1) in this subsection) is limited to fourteen (14) days.
- (4) Beginning at thirty-one (31) days of treatment, the take-home supply (beyond that of (1) in this subsection) is limited to twenty-eight (28) days.

(b) Compliance with 450:70-4-8.5 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records, and
- (3) Other facility documentation.

SUBCHAPTER 5. CONSUMER RIGHTS

450:70-5-3. ODMHSAS advocate general

- (a) The ODMHSAS Advocate General, in any investigation regarding consumer rights, shall have access to consumers, facility records and facility staff as set forth in Title 450, Chapter 15.
- (b) Compliance with 70-5-3 may be determined by a review of the following:
 - (1) Policy and Procedures,
 - (2) Review of all facility records, and
 - (3) Investigations, site visits, treatment protocols, ~~patient~~clinical records, clinical service manuals and certification reviews.

SUBCHAPTER 6. SUBSTANCE USE DISORDER TREATMENT SERVICES

PART 1. CASE MANAGEMENT

450:70-6-1. Case management, ~~adults~~ services

~~OTPs shall comply with all applicable rules in Title 450, Chapter 50. Standards and Criteria for Certified Behavioral Health Case Managers.~~

(a) Case management services shall be provided in accordance with Chapter 50 of this Title and shall include planned referral, linkage, monitoring and support, and advocacy assistance provided in partnership with a person served to support that individual in self-sufficiency and community tenure. Activities include:

- (1) Completion of strengths based assessment for the purpose of individual plan of care development;
- (2) Development of case management care plan which can be reflected as a part of the comprehensive service plan;
- (3) Referral, linkage and advocacy to assist with gaining access to appropriate community resources;
- (4) Contacts with other individuals and organizations that influence the recipient's relationship with the community, i.e., family members, law enforcement personnel, landlords, etc.;
- (5) Monitoring and support related to the individual plan of care to reassess goals and objectives and assess progress and or barriers to progress;
- (6) Follow-up contact with the persons served regarding missed appointments (including physician/medication, therapy, rehabilitation, or other supportive service appointments as delineated on the service plan); and
- (7) Crisis diversion (unanticipated, unscheduled situation requiring supportive assistance, face-to-face or telephone, to resolve immediate problems before they become overwhelming and severely impair the individual's ability to

function or maintain in the community) to prevent progression to a higher level of care.

(b) Individuals providing case management services shall be an LBHP, Licensure Candidate, CADC or certified as a behavioral health case manager pursuant to Chapter 50 of this Title.

(c) Compliance with this Section may be determined by a review of clinical records, policy and procedures, and facility personnel records.

PART 2. LEVELS OF TREATMENT

450:70-6-5. Withdrawal Management

(a) Any OTP providing medication assisted recovery services shall provide both ~~short and long term~~short- and long-term withdrawal management as defined in 450:70-6-7 and 450:70-6-8.

(b) The OTP shall have written policy and procedure defining the protocols developed, implemented, and complied with for withdrawal management. Protocols shall:

- (1) Promote successful withdrawal management;
- (2) Require that dose reduction occur at a rate well tolerated by the ~~patient~~person served;
- (3) Require that a variety of ancillary services, such as mutual support groups, be available to the ~~patient~~person served through the agency or through referral;
- (4) Require that the amount of therapy/rehabilitation services available to the ~~patient~~person served be increased prior to discharge; and
- (5) Require that a ~~patient~~person served be re-admitted to the agency or referred to another agency at the first indication of relapse unless it is an administrative withdrawal process.
- (6) There is no minimum time in treatment requirement for ~~patients~~persons served receiving buprenorphine when granting take-home privileges.

(c) Compliance with 450:70-6-5 may be determined by:

- (1) A review of policies and procedures,
- (2) Treatment records,
- (3) Interviews with staff, and
- (4) Other facility documentation.

450:70-6-5.1. Withdrawal management – Maintenance to withdrawal management

(a) The OTP shall have written policy and procedure stating ~~patients~~persons served involved in maintenance management will enter withdrawal treatment:

- (1) Only when initiated as administrative withdrawal or when requested by the ~~patient~~person served and approved by the OTP medical director; and
- (2) When planned and supervised by the medical director or a program physician.

(b) The OTP shall have written policy and procedure stating that before a ~~patient~~person served begins managed withdrawal, the ~~patient~~person served must

be:

- (1) Informed by the agency medical director, a program physician or a staff member that:
 - (A) The ~~patient~~person served has the right to leave opioid treatment at any time,
 - (B) The risks of managed withdrawal and
 - (C) Signs and symptoms of relapse.
- (2) The ~~patient~~person served will receive a schedule for medical withdrawal management-developed by the medical director or a program physician with input from the ~~patient~~person served.
- (c) Compliance with 70-6-5.1 may be determined by a review of the following:
 - (1) Policy and Procedures,
 - (2) Review of treatment records, and
 - (3) Any other supporting facility documentation.

450:70-6-5.2. Withdrawal management– Reentering maintenance treatment

- (a) The OTP shall have written policy and procedure stating that if a ~~patient~~person served who is receiving managed withdrawal for reasons other than administrative withdrawal, appears to a staff member to relapse, the ~~patient~~person served is permitted to reenter maintenance treatment services, if otherwise eligible;
- (b) The OTP shall have written policy and procedure stating that if a ~~patient~~person served who has completed managed withdrawal services within the past thirty (30) days appears to a staff member to relapse, the ~~patient~~person served may be re-admitted to treatment without physical examination or assessment unless requested by the medical director.
- (c) The OTP shall ensure there shall be periodic consideration given to withdrawing from continued opioid treatment services, when appropriate to the ~~patient's~~ progress and goals of the person served.
 - (1) Consideration for withdrawal from continued medication assisted opioid recovery services shall be discussed at least once annually with the ~~patient~~person served.
 - (2) Such consideration and decisions shall be determined by the ~~patient~~person served, medical director, and the program staff as part of an individualized treatment planning process and treatment progress.
- (d) Compliance with 70-5-2 may be determined by a review of the following:
 - (1) Policy and Procedures,
 - (2) Review of treatment records, and
 - (3) Any other supporting facility documentation.

450:70-6-6. Administrative withdrawal

- (a) The OTP shall have written policy and procedure stating an infraction of program rules by a ~~patient~~person served may result in administrative medical withdrawal from methadone or buprenorphine and termination from treatment services. All ~~patients~~persons served will be notified of this policy. The program shall develop specific program requirements to address noncompliance with program rules resulting in termination. The violation or noncompliance with rules

shall be limited to;

- (1) Threats of violence or actual bodily harm to staff or another ~~patient~~person served, including abusive language or behavior;
- (2) Disruptive behavior, loitering;
- (3) Diversion of methadone, selling, distributing, using, or otherwise "dealing" in any illicit drug or chemical, including positive urine tests for non-prescribed medications and drugs;
- (4) Continued unexcused absences from therapy/rehabilitation services and other support services;
- (5) Involvement in criminal activities;
- (6) Any other serious rule violations; and
- (7) Non-payment of fees.

(b) The OTP shall ensure administrative medical withdrawal shall be scheduled in such a way as to minimize the psychological and physical effects of such withdrawal.

- (1) Administrative medical withdrawal shall be completed in a manner appropriate to the client's level of medication and the circumstances justifying such action;
- (2) Programs may facilitate a transfer to another program or referral to a medical facility in lieu of administrative medical withdrawal; and
- (3) Administrative withdrawal resulting from non-payment of fees cannot be accomplished in less than fifteen (15) days.

(c) The OTP shall have written policy and procedure stating a ~~patient~~person served experiencing administrative withdrawal shall be referred or transferred to an agency that is capable of, or more suitable for, meeting the ~~patient's needs of the person served~~. The referral or transfer is documented in the ~~patient~~clinical record and the following information is documented in the ~~patient~~clinical record:

- (1) The reason that the ~~patient~~person served sought medical withdrawal or was placed on administrative withdrawal; and
- (2) The information and assistance provided to the ~~patient~~person served in managed withdrawal, medical withdrawal or administrative withdrawal.

(d) Compliance with 450:70-6-6 may be determined by:

- (1) A review of policies and procedures,
- (3) Treatment records,
- (4) Critical incident reports,
- (5) Interviews with staff, and
- (6) Other facility documentation.

450:70-6-7. ~~Short term~~Short-term managed withdrawal

(a) The OTP shall have written policy and procedure regarding ~~short-term~~short-term managed withdrawal treatment services.

(b) There shall be written policy stating a ~~patient~~person served may be admitted to short-term managed withdrawal regardless of age. ~~Patients~~Persons served under the age of eighteen (18) may be admitted with written parent or guardian approval.

(c) The program physician shall document in the ~~patient~~clinical record the reason for admitting the ~~patient~~person served to short-term managed withdrawal.

- (d) Take-home medication is not allowed during short-term managed withdrawal.
- (e) A history of one year or more opioid dependence and an attempt at another form of treatment is not required for admission to short-term managed withdrawal.
- (f) No test or analysis is required except for the initial drug screening test, and a tuberculin skin test.
- (g) The initial treatment plan and periodic treatment plan evaluation required for persons served in comprehensive maintenance patients are required for persons served in short-term managed withdrawal patients.
- (h) A primary LBHP, Licensure Candidate or CADC must be assigned by the program to monitor a ~~patient's~~ progress toward the goal of short-term withdrawal management and possible drug-free treatment referral.
- (i) Methadone is required to be administered daily by the OTP in reducing doses to reach a drug-free state over a period not to exceed thirty (30) days. Buprenorphine shall be administered as determined by the OTP medical director.
- (j) All other requirements of comprehensive maintenance treatment apply.
- (k) Compliance with 450:70-6-7 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Treatment records,
 - (3) Interviews with staff, and
 - (4) Other facility documentation.

450:70-6-8. ~~Long term~~Long-term managed withdrawal

- (a) There shall be written policy stating a person served may be admitted to long-term managed withdrawal regardless of age. ~~Patients under the age of eighteen (18) with written parent or guardian approval.~~ Written approval from a parent or guardian for a person served under the age of eighteen (18) shall be obtained if required by law. If a minor is eligible to self-consent to treatment pursuant to state law, written approval from a parent or guardian is not required.
- (b) Methadone is required to be administered daily in reducing doses to reach a drug-free state over a period not to exceed one hundred and eighty (180) days. Buprenorphine shall be administered as determined by the OTP medical director.
- (c) The ~~patient~~person served is required to be under observation while ingesting the drug at least six (6) days a week. This is not required for buprenorphine.
- (d) Initial and random monthly drug screening tests must be performed on each ~~patient~~person served.
- (e) Initial service plans and monthly service plan reviews are required.
- (f) All other requirements of comprehensive maintenance treatment apply.
- (g) A history of one year of opioid dependence and an attempt at another form of treatment is not required for admission to long-term withdrawal management.
- (h) Compliance with 450:70-6-8 may be determined by:
 - (1) A review of policies and procedures,
 - (2) Treatment records,
 - (3) Interviews with staff, and
 - (4) Other facility documentation.

450:70-6-9. Interim maintenance treatment services

- (a) The OTP shall have documentation before providing interim maintenance treatment services indicating the written approval of both SAMHSA and ODMHSAS.
- (b) The OTP shall have written policy and procedure stating the program sponsor may place an individual who is eligible for admission to comprehensive maintenance services in interim maintenance services if the individual cannot be placed in comprehensive maintenance treatment services within a reasonable geographic distance and within fourteen (14) days of application for admission to comprehensive maintenance treatment services.
- (c) The OTP shall identify the maximum length of stay in interim opioid services is one hundred and ~~twenty (120)~~eighty (180) days.
- (d) The OTP shall provide ~~an initial and a minimum of two (2) additional drug screens shall be taken from~~ persons served in interim maintenance during the one hundred and ~~twenty (120)~~eighty (180) days of interim services.
- (e) The OTP shall have written policies and procedures outlining all criteria for transfer from interim maintenance to comprehensive maintenance services. These transfer criteria shall be in writing and shall include, at a minimum, a preference for pregnant women in admitting persons served to interim maintenance and in transferring persons served from interim maintenance to comprehensive maintenance treatment.
- (f) The OTP shall have policy and procedure ensuring interim maintenance services shall be provided in a manner consistent with all applicable Federal and State laws and regulations.
- (g) The interim maintenance services program shall meet and/or possess all applicable Federal and State certifications, licensures, laws and regulations.
- (h) The OTP shall have written policy and procedure stating all rules and requirements for comprehensive maintenance services apply to interim maintenance services with the exception of:
- (1) Opioid agonist medication is required to be administered daily and under observation. Unsupervised or take home dosing is not allowed.
 - (2) A primary LBHP, Licensure Candidate or CADC does not need to be assigned.
 - (3) Interim maintenance is limited to ~~two (2) one hundred and twenty (120) day episodes~~eighty (80) days in any twelve (12) month period.
 - (4) By day one hundred and twenty (120), a plan for continuing treatment beyond one hundred and eighty (180) days shall be developed and documented in the clinical record.
 - ~~(4)~~(5) Educational, rehabilitative and therapy services are not required. However, information pertaining to locally available, community-based resources for ancillary services shall be made available to persons served in interim maintenance.
 - (5) An initial treatment plan and periodic updates are not required.
- (i) Compliance with 450:70-6-9 may be determined by:
- (1) A review of policies and procedures,
 - (2) Treatment records,
 - (3) Interviews with staff, and

(4) Other facility documentation

450:70-6-10. Medication units, ~~long-term~~long-term care facilities and hospitals

(a) Before providing medication assisted opioid ~~recovery~~use disorder services through a medication unit, ~~long-term~~long-term care facility or hospital, the program must receive the written approval of both SAMHSA and ODMHSAS, and ODMHSAS certification, OBNDD approval, and national accreditation.

(b) Certification as an OTP will not be required for the maintenance or managed withdrawal of a ~~patient~~person served who is admitted to a hospital or long term care facility for the treatment for medical conditions other than opioid addiction and who requires maintenance or withdrawal management during the stay in the hospital or long term care facility.

(c) Medication units, long term care facilities and hospitals shall be in compliance with the following:

(1) Currently licensed by the DEA; and approved by SAMHSA.

(2) Written policy and procedure stating the medical director shall make all recommendations for medication dosages according to best medical practice guidelines and all applicable rules contained in this chapter.

(3) Written policy and procedure stating all female consumers shall have a pregnancy test on admission and at least annually thereafter, unless otherwise indicated.

(4) Written policy and procedure to address the provision of all services in compliance with Federal Drug Administration Guidelines for opioid treatment programs in accordance with 42 CFR, Part 8.

(d) Compliance with 450:70-6-10 may be determined by:

(1) A review of policies and procedures,

(2) Certifications and licenses, and

(3) Other facility documentation.

450:70-6-10.1. Mobile medication units

(a) Before providing medication assisted opioid used disorder services through a mobile medication unit, the program must provide notification to SAMHSA, ODMHSAS Provider Certification, OBNDD, and the program's national accreditation entity. The mobile medication unit must have an associated OTP physical location for purposes of ODMHSAS certification.
